

THIS UNIDENTIFIED DIVER IS TWISTING HIMSELF into a pretzel-like contortion, but had a big time at the Y-12 Swim Party.

ROSE ALICE WALKER, daughter of a Y-12er, won top honors in the "Mr. and Mrs. Leg" contest at the Y-12 Swim Party. The "Mr. Legs" was Elijah F. Joseph, an ORNL employee in the Y-12 plant area and guest at the party.

**ROAST BEEF HASH IS ENTREE OFFERING ON SPECIAL LUNCH**

The entree on the 50-cent Thursday Special Lunch at the Y-12 Cafeteria tomorrow, Thursday, August 13, will be roast beef hash. Accompanying the roast beef hash will be one vegetable, choice of salad or dessert and rolls and butter.

## Bloodmobile Will Visit Oak Ridge Next Wednesday

Patriotic Y-12ers with the welfare of wounded and ill servicemen at heart, are expected to swell the throng of blood donors to visit the American Red Cross Bloodmobile on its visit here next Wednesday and Thursday, August 19 and 20. The Bloodmobile will be open from 2 p.m. to 8 p.m. both days at its usual location in the Ridge Recreation Hall.

Y-12ers who have not yet registered to contribute a pint of blood for this visit of the Bloodmobile are urged to do so as soon as possible by communicating with the Oak Ridge Chapter of the American Red Cross, Oak Ridge Turnpike, telephone 5-5641.

Although the "shooting war" in Korea is suspended, whole blood and plasma still is badly needed at service hospitals for critically ill servicemen who fought in Korea.

## Three Y-12ers Are Hurt In Automobile Collision

Three Y-12ers were sent to the Oak Ridge Hospital early Monday morning following an automobile collision at the Oak Ridge National Laboratory entrance to the North Portal. Injured were Russell F. Moyers, Electrical Maintenance; driver of one of the cars, and B. A. Cooper, Maintenance Shops; a passenger with Moyers. The other injured man was Will Bailey, Janitors; driver of the other vehicle. Both automobiles were badly damaged.

**HIGHLIGHTS AT THE Y-12 SWIM PARTY LAST THURSDAY ARE SHOWN ABOVE. THE gents at the left are not beauty winners, but smart enough to win prizes in the "Who Is It?" contest. From left are Bruce Harrington, Jack Beams, B. N. Pinegar, Bill Davis and Bill Hays. A group of pretty feminine participants are in the center picture, from left being Bernice Ryan, Carol Waddell, Joan Davis, Ann Underwood and Pat Sheridan. At right is pictured the crowd watching the judging of the "Mr. and Mrs. Leg" contest, winners being shown elsewhere.**

## 600 Guests Have Fun At Y-12 Swim Party

### 'Who Is It?' And Leg Contest Are Features

The second and final Y-12 Swim Party of the year was held last Thursday night at the Oak Ridge Swimming Pool and the event attracted approximately 600 Y-12ers, their families and guests.

**Many Prizes Awarded**

There was plenty of fun for all with lots of splashing and dunking. Many treasured prizes were taken home by the lucky individuals who captured the honors in the "Who Is It?" contest. This contest really had the participants thinking, hints were thrown one at a time about various Y-12 people and the winners caught on fast and named the person.

Water volleyball was enjoyed by the children present as well as the treasure hunt. The youngsters were seen diving for the loot and many went home with valuable prizes.

### Difficult To Pick Winner

The feature attraction of the night was the "leg contest" for the women and men. A screen was set up with only the legs of the individuals showing and the three judges selected the most perfect set of legs. They had a difficult time selecting the winners but after much gazing at the gams of the beautiful young ladies present, the judges finally reached a decision.

This was one of the largest crowds ever to attend a Y-12 Swim Party and everybody present seemed to have a most enjoyable time.

### PLANT READY IN 1955

The Associated Press has quoted Albert J. Garcia, manager of the Goodyear Atomic Corp., that the atomic plant in Pike County, Ohio, should be ready for production in about two years.

### SHIP A-GUN SEEN

The London News Chronicle has reported that scientists of the British Navy are working on an atomic gun for warships. Great progress is reported on the problem of mounting the weapon aboard a ship.

## SAFETY SCOREBOARD

## Tool Engineers Will Hold Picnic In Knoxville Saturday

A family picnic and social gathering for members of the Knoxville-Oak Ridge Chapter, No. 107, American Society of Tool Engineers, will be held at 2 o'clock Saturday afternoon, August 15, at Chilhowee Park, Knoxville, it has been announced by Merle B. Hilton, of the Y-12 Engineering Department, chairman of the chapter. He has urged all Y-12 members of the chapter to attend the affair.

All members of the chapter, their families and guests are invited to the picnic. Each family or group is asked to bring their own picnic basket of food and refreshments for the affair. Games and a tour through the Knoxville zoo will be held for children and grown-ups.

## Map Clearly Shows 'Open Roads' In Area

**Bear Creek Definitely Closed; Traffic Smooth**

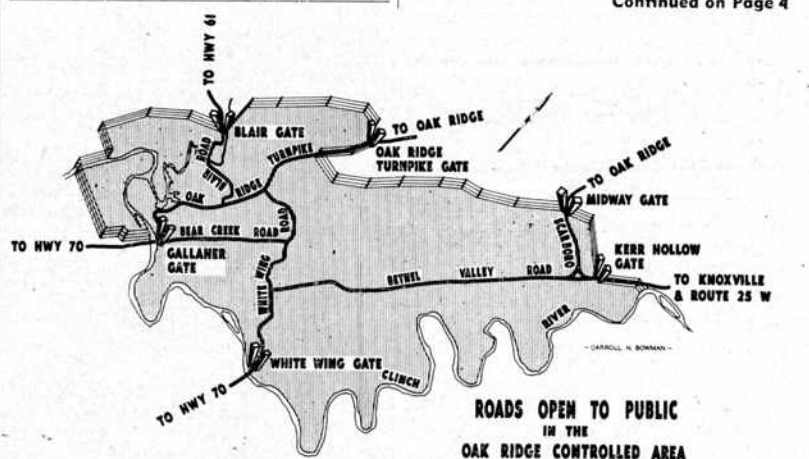

The new "open road" policy in the Oak Ridge Controlled Area of the Atomic Energy Commission has operated smoothly as far as Y-12ers are concerned since it was placed into operation on July 22. However, for information of any employee who has not become fully acquainted with just what highways are open to the public and which are not, the AEC last week issued a map outlining the situation which is published below.

### Unauthorized Traffic Halted

Of paramount interest to Y-12ers and members of their families and also for information to friends of plant employees seeking information, it is well to note that Bear Creek Road, the main highway running along the northern boundary of the Y-12 Plant area, is not included in the roads open to the public except at its extreme western end from White Wing Road to Gallaher Gate. The highways officially opened are Oak Ridge Turnpike, Bethel Valley, White Wing, Scarboro and Blair Roads.

AEC Patrolmen, diligently covering this road as well as others in the Controlled Area, have recently

Continued on Page 4

**HERE IS THE OFFICIAL ATOMIC ENERGY COMMITTEE map showing roads open to the public in the Oak Ridge Controlled Area. Y-12ers should note and tell friends that the section of Bear Creek Road running along the Y-12 Plant Area boundary is not among the open roads in the Controlled Area.**

## Many Y-12 Youngsters In Playground Circus

A lot of children of Y-12ers will take part as representatives of various Oak Ridge playgrounds in the annual Playground Circus to be staged at 7:30 o'clock next Wednesday night, August 19. Billed as "The Greatest Show On Earth," the circus will be presented at Blankenship Field with a cast of several hundred youngsters with admission being free. The circus is presented by the City Recreation Department and arranged by the department's staff at the city's eight playgrounds.

Ringmaster this year will be Ken Forrestal, of Oak Ridge National Laboratory. In the big program will be elephants, trained horses, clowns, pretty little girls, tumblers, cowboys, Indians and all the glamour of the big top show.

The playgrounds to be represented and their acts are:

"Highland View, wild animals; Linden, Wild West Show; Willow Brook, nursery rhymes; Gamble Valley, elephants; Cedar Hill, tin soldiers; Elm Grove, bookworms; dream; Woodland, trained horses; and Pine Valley, tumblers.

The circus will be preceded by a parade and the Municipal Band will give a concert at the field. A calliope will be on the field. The Lions Club of Oak Ridge will handle concessions at the field.

The following Y-12 employees were patients in the Oak Ridge Hospital last week: William C. Hoppe, Property; Richard A. Bates, Jr., Chemical; Clyde J. Price, Buildings and Grounds; Horace L. Spurgeon, Transportation; John W. Montgomery and Lonnie Wright, Field Maintenance; James R. Bayless, Stores; Willie Bailey, Cafeteria; Russell F. Moyers, Electrical Maintenance; Earl J. Panter, Research Services; Juanita H. Easley, Assay Laboratory; William R. Price, Alloy Division; Everett Richardson, Superintendents; Corene Snyder, Product Processing; Lillie R. Rodgers, Laundry; Jimmie L. Martin, Janitors.

## 10 Years Service

Congratulations are offered to the following Y-12 employees who will complete 10 years of Company service during the next few days.

Margaret H. Eager, Analytical Laboratory, August 13.  
Alvin T. Scarborough, Transportation, August 13.

Hiram G. Bingham, Electrical Maintenance, August 16.

Ernest T. Wallace, Field Maintenance, August 16.

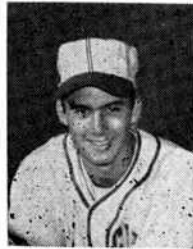

Thomas J. Boring, Research Services, August 17.

Avery F. Kendig, Transportation, August 17.

Daniel V. Zehner, Buildings and Grounds, August 19.

It's Staff Sgt. Charley Kirkwood now for the former Y-12er, who—yes, he's been moved again by the Air Force—this time to Elmendorf Air Force Base, Anchorage, Alaska. Charley's latest switcheroo in his Air Force-conducted tour of the North American Continent was from Alexandria, La., and his mailing address is S/Sgt. Charles E. Kirkwood, 10th Radio

C. Kirkwood

Relay Squadron, A.P.O. 942, c/o P.M., Seattle, Wash. Kirkwood was one of five youthful Y-12ers who enlisted together in the Air Force back in January, 1951. After a brief stay together out at Lackland Field, Tex., they were widely separated. Latest information in The Y-12 Bulletin office, where every effort is made to send the paper to all former employees now in service, has W. A. and C. J. Maddux, Jr., whose dad works in Buildings and Grounds, in Korea; Richard Garland, son of Jack Garland, Manufacturing Offices, at New Castle Air Force Base, Del., and Harold Little in Laredo, Tex. Best of luck wishes go to every one of these fellows—and to everyone else from Y-12 now in service. Let's hear from you.

Now—on with the show.

Folks down in Uranium Processing extend hearty congratulations to John Harding and his wife, who are the proud parents of a baby boy born August 6 at the Oak Ridge Hospital.

R. P. Davis, of the Timekeeping Department, is vacationing at home in London this week . . . H. P. Rice is on two weeks of vacation—he is taking life easy over at his home in South Clinton.

Kay Steed, of Manufacturing Offices, is on vacation this week at her home in South Clinton—she has her mother visiting from Chicago, Ill.

Alberta Kaiser, of Reproduction, is spending this week in Cleveland, Ohio.

Barbara Shuler last week and this week is a travlin' gal from the Travel Department. On her various and sundry stops, scheduled before leaving, were Skid Row, Chicago; the North Woods of Michigan (watch out for bar) and Decorah in the Tall Corn State of Iowa, where she is attending the wedding of a girl friend.

Sue Gragg, of Property, and her little sister, Dorothy, are vacationing with their brother, Donald, in Seattle, Wash., for two weeks. . . . Get-well wishes are extended to Clifford Anderson and to Bill Hoppe, who were on last week's ailing list.

Receiving and Shipping Department extends get-well wishes to Pat Keener, who is a patient in St. Mary's Hospital in Knoxville. . . . J. Paul Snodgrass and his family are visiting his sister-in-law and mother-in-law in Washington, D. C., this week.

F. E. Bailey, Jr., of Stores, is setting a record for long-distance vacationing by visiting relatives in Paris and in other parts of France . . . C. W. Evans and his family ran over to Murphy, N. C., for a visit while he was off last week . . . A. V. Bible, his wife, Ora Van, and son, Don, visited relatives in Morristown last week. . . . W. L. Anderson is spending his two weeks at home in Knoxville . . . J. D. Hayes has returned from a week of vacation . . . E. H. Hutson is off for a two-week vacation . . . Get-well wishes are extended to J. R. Bayless, who is ill in the Oak Ridge Hospital.

Some of the ancient residents around Y-12 certainly remember

Arnold Higdon, formerly of the Safety Department and known far and wide as the only Y-12er who survived his own going-away party. He paid a call to Grand Central Depot (The Bulletin and Recreation Office) last week for a few moments during his overnight stay in Oak Ridge and said he would have liked to see all the folks but that he found somebody right off the bat to feed him—and that's all he wanted anyway and that was that. Higdon reports he is in charge of safety operations at Barksdale Air Force Base in Louisiana.

Time to resume talking about the home folks.

M. H. Tackett, of the Cafeteria, spent last week visiting her daughter in Michigan . . . Tommie and Frankie Goss are putting their two-week vacation to good use—they are building an addition to their house over at Byington. Arnold Tiller, of Insurance and Housing, spent last week's vacation golfing and tripping up to the Smokies.

Emmet Moore, of Fire Prevention and Control, and his family are visiting his sister and brother-in-law in New York City—of course he plans to see some ball games but the main attraction is the sights in the Big City . . . C. C. Butler spent his recent week of vacation around home in Oliver Springs . . . E. E. Gregory has returned from a week of leisure.

Capt. J. H. Conner, of the Guard Department, his wife and granddaughter, Sidney Gail Denton, spent a recent week end with his son and daughter-in-law, Mr. and Mrs. Douglas Conner in Cincinnati, Ohio . . . A. J. Jeffers and his wife are visiting in Detroit, Mich., then on to Canada and a view of Niagara Falls while off two weeks . . . J. C. Booher headed for Cincinnati and points North during his long week end . . . Vacationers from the department last week were Lt. E. M. Hunnicutt, E. J. Kendrick, M. L. Sullivan, G. A. Cowan, J. Wilson and J. V. Overton.

John Jenkins, of Property Sales, traveled up to Detroit, Mich., and on into Canada last week.

Evan Means, of Electrical Maintenance, has returned safe and sound from his Montana "ditch party," while attending an outdoor writers meeting "way out West. He caught one Montana trout "Smoky Mountain size," he says . . . H. W. Ditchen and his family returned last week from vacationing down Florida way and around home in Oak Ridge . . .

J. G. Scoggin spent his time off fishing on Watts Bar Lake—he caught about 50 largemouth bass . . . W. D. Humphry spent his recent vacation at home in Knoxville . . . The department extends congratulations to James Miller on his marriage August 1, in Knoxville to Ruby Goins. The couple is living in LaFollette . . .

Naomi Hart and her husband, Len, of Field Maintenance, with their children visited her folks in Waynesboro, Tenn., on a recent week of vacation . . . Get-well wishes go to R. F. Moyers, who was on last week's sick list.

The Alloy Division extends hearty congratulations to B. D. Cox, who is the proud father of a baby boy—the Cox's very first—born July 26, at the Oak Ridge Hospital weighing six pounds, two and three-fourth ounces. They named the little fellow Bernard Daniel . . . Charles Frazier and his family visited relatives in Nashville over a recent week end—they spent lots of time browsing around the antique shops.

Last week certainly was "Old Home Week" around the aforementioned Grand Central Depot. Right after Arnold Higdon checked out in walked Bill Haase, Sr., former head of the Y-12 Salvage De-

## 'Certificate Of Appreciation' Sent To Y-12 For Cooperation In National Guard Program

The cooperation given the Tennessee National Guard by the Y-12 Plant and other Carbide installations in Oak Ridge has resulted in the plant being awarded a citation from the Guard "in appreciation of faithful and cooperative spirit" from the adjutant general of the state, Gen. Joe W. Henry, Jr. Similar citations were sent to the K-25 Plant, the Oak Ridge National Laboratory and the Atomic Energy Commission by General Henry.

In sending the citation, Col. Laurence C. Moffitt, assistant ad-

The following Y-12 employees became fathers of babies born recently at the Oak Ridge Hospital: Lawrence Graham, Janitors, boy, July 31.

Edgar F. Poe, Electrical Maintenance, girl, August 1.

John K. White, Alloy Division, boy, August 4.

LeVaughan Davis, Planning and Estimating, girl, August 6.

John E. Harding, Uranium Processing, boy, August 6.

partment and presently operator of an attractive tourist center at Treasure Island, Fla., just below Sarasota and a popular stopping place for many Y-12ers visiting the Sunshine State. Haase, Sr., came up from Florida with W. A. Coggins, of Planning and Estimating, a vacationing customer at the Haase establishment, and visited with Bill Haase, Jr., his wife and granddaughter.

We will be looking any day now for Bill Acton, another ex-Y-12er and also a Florida Gulf Coast emporium for visiting firemen, to drop in.

Here's the rest of the conversation about Y-12ers and their doings.

R. K. Bennett, of ADP Development, and his family have returned from a recent two-week vacation which they spent with W. H. Haase, Sr., at his place in Florida. (See earlier paragraph re Haase.) Howard Haney, of the Steam

Continued on Page 4

utant general, declared "it with a great deal of pleasure that I send you the enclosed Certificate of Appreciation in behalf of the National Guard of Tennessee as a small return toward the part you are playing in the continued success of the Guard. Congratulations to you and to your employees who are members of the National Guard of Tennessee."

The certificate reads:

"Many of our citizens, veterans and non-veterans alike, are members of the National Guard of the United States. They assume certain obligations to participate in summer field training and other tours of active duty for training, which require their absence from civilian occupations for brief periods.

"It is gratifying to note that your firm is wholeheartedly supporting this reserve program of our Armed Forces, and authorizing military leaves of absence for its employees so that they can participate in such training. Governor Frank G. Clement has asked that I convey his personal thanks to you and your company for the invaluable contribution you are making to the defense of our country. Your continued interest will assist materially in strengthening the reserve components of the Army and thus help maintain our national security."

## BOMB BLAST FILMED

The London press has witnessed a preview of a film entitled "Operation Hurricane" showing the preparation and detonation of Britain's first atomic bomb in Monte Bello Islands. The film reveals that the bomb was partly made and assembled in England.

Remember—Only you can  
PREVENT FOREST FIRES!

# ROBINS AND CARDS IN CRUCIAL TOURNAMENTS

★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★

THE Y-12 ROBINS, THE PLANT ENTRY IN THE LOCAL FEMININE SOFTBALL FIELD THIS year, is shown above. In rear, from left, are Roy Roberts, coach and assistant manager; Judy Butler, Neil McGinnis, Helen Brown, Ella Mae Koontz, Peggy Clewys, Ruby O'Kain, Velma Soard and Recreation Supervisor and Manager Bill Stanton. In front are (inserted at left) Bonnie Roberts, Joan Howard, Kay Presley, Peggy Cowan, Juanita Pitt and Virginia Giles. The Robins won the Oak Ridge title last week and will compete for the state championship this week.

## Girls Play At 9 P.M. Thursday; Cards, K-25 Clash On Monday

Five Feminine Teams Meet For State Crown; Other Ridge Teams Are Gunning For Big Red

### Y-12 SPORTS

Crucial tournament days lie just ahead for the Cardinals and Robins, the crack plant men's and women's softball teams. The Robins begin play in the state tournament for women tomorrow night, Thursday, August 13. The Cards will engage in a dog eat dog Oak Ridge district tournament, opening next Monday night, August 17, with K-25, Oak Ridge National Laboratory and Amvets softies just aching to knock off the Big Red.

#### Robins Meet East Staters

The women's tournament will open with three games tomorrow night, Thursday, August 13, with five teams entered. The Robins will meet the East Tennessee champions, not determined over the week end, in the second of three games, set for 8 o'clock. The opener will pit Ragland, of Nashville, against the Knoxville champions, Vestal. The finale will see the Oak Ridge Legionettes meeting the winner of the first game. Three more games are to be played Friday night and two on Saturday to wind up the affair. The winner will go to the regional tournament at Canton, N. C., opening next Tuesday night.

In the men's tournament ORNL will play the Amvets in the opener at 7:30 o'clock. The Cards and K-25 Blues will wind it up at 9 o'clock. On Tuesday night, August 18, the winners of the Monday night games will play at 9 o'clock with the losers clashing in the curtain raiser at 7:30 p.m. No game is scheduled for Wednesday, but on Thursday night the finals in the losers' bracket will be played at 9 o'clock. The winner of this game will meet the victorious team in the winners' bracket at 8 o'clock Friday night. If the previously unbeaten team wins this one, the tournament will be over. However, a triumph by the survivor of the lower bracket will make a final game necessary at 8 o'clock Saturday night. All games will be played at Midtown No. 1 Field.

#### Robins Batter Bluebellies Twice

The Robins won their way into the state tournament by battering the Bluebellies of K-25 in two

lopsided tilts, 16 to 9 and 23 to 5. Previously the Oak Ridge Legionettes also had trounced the K-25 lassies to win the honor of being the host team for the event. That gives Oak Ridge two teams in the tournament, expected to attract from six to eight feminine outfits.

Ella Mae Koontz hurled tightly for Y-12 and toyed with the Bluebellies in both of the Y-12 victories. The first triumph for the Robins came when the losers just outfumbled the Robins. The deciding decision was a result of solid socking by the Robins with Ruby O'Kain, Helen Brown and the pitcher, Miss Koontz, each getting four safeties. Juanita Pitt and Neil McGinnis slammed homers. It is the second straight year that the Robins have captured the city championship to earn the right to enter the state tournament.

#### ORNL Sneaks Up On Cards

Apparently home safe in the second half of the Knox-Ridge League race after waltzing home in the first half, the Cards faced some complications the latter part of last week and a distinct threat from ORNL. The Big Red team allowed the Labsters to sneak up on their blind side early last week for a 7 to 2 victory. The Cards were definitely down after their brilliant double win over Shelbyville and mound wildness and fielding bobbles proved costly. A postponed league game between the Cards and ORNL was scheduled for Monday night of this week. ORNL beat K-25 last Friday night to keep their hopes alive.

The Cards added another win over their country cousins from Athens last Wednesday in a preliminary to the ORNL-Clearwater game, winning by 7 to 2. Y-12 borrowed Herman Stewart to hurl the game and he responded nobly with a four-hitter and blasting a homer. Kayo Montgomery also homered, Ralph Pearson and Bobby Loy tripled and Ray Caton doubled.

The Cards went down to Athens Saturday to take a 3 to 2 licking in

Continued on Page 4

## Close Finish Is Predicted In Plant Softball League

UCJVs Still Hold Lead In Second Half Race; Slate Ends Thursday But Postponed Tilts Loom

Everything points to a close finish in the Y-12 Plant Softball League for the second half crown as the Uranium Control Junior Varsity, Engineers and 49ers are running neck and neck for the finish wire.

The regular season schedule officially closes tomorrow, Thursday, August 17, but there will be several postponed and rained out games to be made up before the second half champion is crowned.

#### Tournament Playoff Ahead

There will be a double-elimination tournament for all plant league teams when the season is completed. A playoff between the first and second half champions also is probable.

In games played last week the UCJV lads under Manager Fred Uffleman blanked Maintenance 6 to 0 behind the two-hit pitching of Edgar Hopper. Hamil slammed a four master in the sixth inning for the winners.

#### Kidd Hurls One-Hitter

The Engineers kept on the winning track last week, blanking ADP 5 to 0 as Joe Kidd hurled a brilliant one-hitter and struck out 12 batters. Lovell slammed a triple and double for the winners. The Engineers topped the Peons 4 to 2 in a close game all the way. The winners scored two runs in the sixth to sew up the contest. Kidd collected three hits for the Engineers.

The third place 49ers slammed Plant Protection 25 to 5 in a slam bang battle. R. G. Marler led the

## Junior Baseball Title Game Is Set

The "Game Of Champions" to determine the race in the Oak Ridge Junior Baseball League will be played at 8 o'clock tomorrow night, Thursday, August 14, at the Gamble Valley Park. Many sons of Y-12ers are slated to perform and adult Y-12ers have been active in managing and coaching the four teams in the circuit.

The First Methodist team, managed by Y-12er Fred Kappelman, won the regular seasonal crown. The Elks, piloted by Carl Cooper, another Y-12er, finished second. A tournament now is underway to determine the team to meet the Methodists in the "Game of Champions," who are not playing in the event. The three teams in the tournament are the Elks, Jaycees and American Legion.

49ers with four hits and Ed Sise hurled three-hit ball for the winners. The other 49er victory of the week was at the expense of Maintenance 8 to 4. This was a well played game with the 49ers scoring two runs in the bottom of the fifth to clinch the contest.

#### Peons Pounce On Colts

In another contest of the week, the Peons whipped the Colts 17 to 6 as Pletz, Livingston and

Continued on Page 4

## Woodpeckers Capture City Class B Title

The Y-12 Woodpeckers, the plant's entry in the Oak Ridge Recreation League, took the city's Class B softball championship last Thursday night by taking their second straight game from the Atomic Energy Commission outfit. The score of the deciding tussle was 12 to 3, this triumph following an earlier victory for the Peckerwoods of Manager Avery Kendig by the score of 6 to 4. It was the second straight year for the Woodpeckers to win the city crown.

#### Win First Half In Playoff

The Woodpeckers won the first half of the season crown in a playoff by beating Kaighan and Hughes, 8 to 3. AEC won the second half title.

By a vote of team members the Woodpeckers decided not to compete in the Oak Ridge Class B Tournament, scheduled to start August 24. Most of the players perform on Y-12 Plant League teams and expressed a desire to play with those units in the tournament.

#### Sise, Kidd Hurl Victories

In the initial victory over AEC, Ed Sise was the big lad for Y-12. He pitched five-hit ball, fanned six and banged out four for four at the plate, including two doubles and two singles. The deciding game saw Joe Kidd pitch masterfully for the Woodpeckers for six innings, with Sise taking over for the last round. In this farce, the Y-12ers got away winging and smothered the AECers in the latter innings.

Braden got two for four for the winners, who were greatly aided by seven AEC bobbles.

Line scores of the championship series follow:

Team		R	H	E
Woodpeckers	400 100 1	6	9	3
AEC	001 030 0	4	5	4
Sise and Dodson, Frazier and Blakely.				
AEC	001 020 0	3	6	7
Woodpeckers	112 035 x	12	7	2
DeGolyer, Frazier (6) and Blakely. Kidd, Sise (6) and Dodson.				

THE URANIUM CONTROL JUNIOR VARSITY SOFTBALL team of the Y-12 Plant League that is making quite a splurge in the second half of the season is shown at left above. In rear are Manager Fred Uffleman, Fred Baker, John Lay, Clyde Hopkins, Edgar Hopper, Bill Lanter, Bob McMillan and Wilburn Combs. In front are Jerry Schute, batboy; Burkett Bailey, Charles Brooks, Bill Belvin, Frank

Burchfield and Al Church. Squad members missing when picture was made are Joe Smyrl, Bill Hamil, John Richardson, Bill Wright and Archie Campbell. At right is the ADP team, in rear being Ted Higgins, J. C. Bryan, Freeman Castleberry, W. R. Clevender, Bernard Cox and Sam DeFelice. In front are R. L. Jefferies, co-manager; Herbert May, C. M. Simcox, Carl Frazier, co-manager; Ray Ellis and Bud Fischer.

## Hooks Maintain Top Spot In Golf League

The Hooks maintained sole possession of the first slot in the Y-12 Plant Golf League last week as their match was postponed with the Gophers. The Plugs remained in second place with a two-point victory over the Chippers.

Other action around the circuit saw the Rippers clip the wings of the Eagles, the Grand Slammers slipping by the Fat Boys and the Rough Riders taking a forfeit victory from the Pistols.

The low net score honors for last week was captured by Elmore Koons, of the Grand Slammers, with a 33.

League standing follows:

Team	W	L
Hooks	8	0
Plugs	8	2
Rippers	8	2
Gophers	4	2
Rough Riders	5	5
Grand Slammers	4	4
Fat Boys	4	6
Chippers	3	7
Eagles	2	8
Pistols	0	10

## Plant Bowling Organizational Meeting To Be Held Tonight

**All Y-12 Keglers Urged To Attend Session  
Set For Oak Terrace Starlight Room At 7:30**

An organizational meeting for all Y-12 bowlers, men and women, to make plans for operations of the various plant leagues to operate during the coming season has been called by the Y-12 Recreation Office for 7:30 o'clock tonight, Wednesday, August 12. The meeting will be held in the Starlight Room of the Oak Terrace and a movie on bowling will be shown during the session.

All departments and groups planning to enter a team in either of the men's loops or the women's plant circuit are urged to have as many representatives as possible present at the meeting tonight. New employees, both men and women, interested in the sport and wishing to affiliate with a plant team this season are particularly urged to attend.

### 42 Teams Rolled Last Season

During the past bowling season the Recreation Office operated four men's leagues and one loop for the keglerettes. There were 36 male teams and eight feminine outfits taking part in the sport.

Because of Administrative changes, a realignment of the leagues operating last season is required. However, the Recreation Office hopes to have the same number of loops in the field this year and the exact number will be determined by interest shown in the sport by Y-12ers. For this reason a large attendance at the meeting tonight is desired.

### Competition, Entertainment High

In past seasons competition and entertainment has been high in the plant bowling leagues. In none of the four men's leagues last year did the first part of the season winners go through to win the seasonal championship. In the B League it was the Cubs who copped the crown, the Rusty Five took honors in the C League, the 66s in the E League and the Activators, D League winners, went on to take a roll-off against the other loop titlists. In the W League for women the Controllers took both halves of the schedule for the championship.

## Pistol Team Meets K-25 Outfit Tonight

The Y-12 pistolers started the second half of the Oak Ridge Summer Pistol League with a forfeit victory over the Oak Ridge Independents.

The Y-12 team fired a practice round with scratch scores being Garfield Huddleston 288, P. H. Williams 259, R. L. Vanderpool 236, H. N. Benninghoff 236 and Carl Brewster 234. Handicap scores were Huddleston 293.873; Brewster 289.295; Williams 288.828; Benninghoff 288.666 and Vanderpool 287.629.

The Y-12 sharpshooters will fire against the K-25 pistol team tonight, Wednesday, August 12.

God gave us two ends—one to sit on and one to think with. A man's success depends on which he uses most. It's a case of heads you win, tails you lose.

## Rides Wanted, Offered

**Ride, Riders Or Car Pool Participants Wanted**—From Maryville, straight day. Van C. Barnes, plant telephone 7508.

**Ride Wanted**—From two miles north of Lake City to Clayton Hall, on Group No. 4, rotating shift. W. E. Honeycutt, telephone 4298, Clayton Hall.

**Ride Wanted**—From Chapman Highway section of Knoxville. Group No. 4. J. C. Morton, plant telephone 7787, home telephone 7-6245, Knoxville.

**Riders Or Car Pool Participants Wanted**—From Kingston, straight day. W. Pool, home telephone 5463, Kingston.

**Riders Wanted Interested On Going to Atlanta, Ga.**—Every week on Group No. 2. shift changes 7 a.m. to 3 p.m., 3 p.m. to 11 p.m. and 11 p.m. to 7 a.m. J. H. Dobbins, plant telephone 7077.

**Riders Wanted**—From Knoxville, straight day. R. C. Hauther, home telephone 5-1631, Knoxville.

**Riders Wanted**—From South Knoxville, via Oak Ridge Highway. Group No. 3. A. L. Franklin, plant telephone 76644, home telephone 7-1507.

## Robins And Cards In Crucial Tournaments

Continued from Page 3

11 innings from the Indians. Montgomery and Walt Simmons hit homers in the fourth for the only Y-12 runs. The Indians put across the winning marker in the 11th when Pete Wilson tripled across the winning run.

Line scores of games last week follow:

Team	R	H	E
ORNL	250	00—7	3 1
Cardinals	100	11—3	6 3

Hudson and Morgan. Perry, Loy (4) and Seivers.  
Called at end of fifth, rain.

Athens	000	002—2	4 0
Cardinals	200	32x—7	11 0

Phillips, Brown (4) and Ferguson. Stewart and Seivers.  
Called at end of sixth to allow ORNL-Bombers game to start.

Cardinals	000	200 000 00—2	7 1
Athens	000	001 100 01—3	5 0

Wilburn, Loy (4) and Seivers. Phillips and Brown.

Bluebelles	100	030 5—9	6 5
Robins	214	720 x—16	6 7

Buck and Hays. Koontz and O'Kain.

Robins	217	740 2-23	24 2
Bluebelles	000	030 2—5	6 4

Koontz and O'Kain. Miller and Savage.

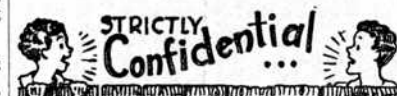

## Carbide Camera Club Sets Annual Picnic

The Carbide Camera Club, idle throughout July because of the organization's annual vacation period, has tentatively set Sunday, August 30, as the date of the group's annual picnic and outing. The affair probably will be held at the home of S. A. Hluchan, former vice president of the club and an employee of Oak Ridge National Laboratory, on Watts Bar Lake about a mile below Kingston.

All members of the club from the three Oak Ridge units of Carbide and Carbon Chemicals Company, members of their families and friends have been invited to the outing, according to Janet Cisar, president of the club and ORNL employee in the Y-12 plant area. Each party is asked to bring its own lunch and refreshments for the picnic.

Of course, members and others are expected to bring cameras along for general photography. In past years many of the prize winning prints entered in club contests have been made during the annual outings.

Any club member wanting more information about the Camera Club Outing is asked to call the president at plant telephone 7559 or home telephone 5-2134.

Plant, is spending this week fishing and around home near Clinton.

The Safety Department welcomes **Floyd Shook** to the roster . . . **E. L. Bentley** and his family vacationed last week in St. Louis, Missouri.

**Charlyne Smith**, of Medical, is vacationing for two weeks.

We are glad to hear that **C. J. Beckett**, Field Maintenance, has fully recovered from a recent ailment . . . One week vacationers from the department are **A. L. Roberts**, **D. B. Blackburn**, **C. E. Helfenberger** and **F. E. Bean** . . . The fellows off for two weeks are **J. C. Sims**, **A. C. Harrington**, and **C. F. Pirkle**.

**A. F. Kendig**, of Transportation, and **Elmer Green**, Buildings and Grounds, with their families are going down to Florida next week to vacation with **W. H. Haase**, Sr. (NO—we are not running a free advertisement for Bill, Senior. It just happened this way.)

**R. L. Martin**, Buildings and Grounds, is visiting his folks in Indiana next week . . .

The Development Division extends get-well wishes to **Ralph Longsjoen**, who was on last week's sick list.

Planning and Estimating extends congratulations to **L. Davis**, who is the proud papa of a seven-pound one-ounce baby girl whom they named Bridget—she was born August 6, at the Oak Ridge Hospital.

Vacationers from the Chemical Department this week are **J. M. Martin**, **W. R. McClellan** and **C. G. Peck**.

The Research Services Department extends get-well wishes to **E. J. Panter**, who was a patient in the Oak Ridge Hospital last week.

The Tool Department extends sympathy to **C. E. Fritts**, and the family. His father-in-law, **William T. Alred**, of Andersonville, died August 3 . . . Get-well wishes are extended to **J. R. Plyman**, who is a patient in the Scott Hospital in Lake City . . . A speedy recovery is wished for **Ethel Shepard's** father, **M. J. Akers**, Buildings and Grounds, who is ill in Fort Sanders Hospital in Knoxville . . . **T. A. Scarbrough** is doing a little building and repairing on his home in Harriman this week.

**Josie Lankford**, Product Processing, and her husband, **T. E.**, of ADP, have moved to their new home over in the Karns commun-

## Many Y-12ers Participating In Horse Show

Many Y-12ers will participate in one capacity or another at the fifth annual Oak Ridge Horse Show to be held Friday night, August 14, at 7:30 o'clock. The event will be presented at the improved show ring of the Tennessee Riding Club and Horse Show Association on Tuskegee Drive. The 1953 show will be bigger and better than ever with increased prize money of \$1,245 offered and a record entry list assured.

### Epperson Has Four Entries

John Epperson, of Maintenance Shops and one of the leading horsemen in Oak Ridge, has entered four horses in the show. His son, Johnny, will ride Moonlight Parade in the local pleasure horse class. Hugh Griffin will ride Epperson's Lady Rhapsody in Blue in the open walking class and also will be up on Pride of Perfection in the two-year-old walking class and Forest Pride in the amateur and novice walking horse class. Epperson himself will ride Forest Pride in the open walking horse competition as well as serving as chairman of the stabling and exhibitor's committee.

Other Y-12ers will exhibit horses in the show are **M. D. Varnadore** and **E. J. Rogers**, Buildings and Grounds. Varnadore will have his Daisy Q in the local pleasure horse class, ridden by his son, Buddy. Rogers has entered and will ride his Maryville Mister in the open walking class. Joe Williams, Jr., son of Joe Williams, Development, will be aboard Lee Grant's St. Patrick's Allen in the local pleasure horse class.

### Others Work Behind Stage

Much of the behind-the-scenes work has fallen to a lot of Y-12ers. Rogers is co-chairman of the buildings and grounds committee, of which Roy Smith, Alloy, is chairman. Eddie Webster, Maintenance Shops, is assisting Epperson on stabling arrangements and Hobart Thomas, Engineering, is assisting with refreshment plans. **R. D. Thompson**, Civil and Architectural Engineering, is in charge of parking.

The show will present competition in open jumpers, local pleasure ponies, fine harness ponies, local pleasure horses, two-year-old walking horses, three-gaited horses, five-gaited ponies, junior walking horses, fine harness horses, three-gaited ponies, amateur and novice walking horses, roadsters to bikes, open walking horse championship and open five-gaited horse championship.

ity . . . **Eleanor Duke** spent the week end with her folks in Birmingham, Ala. . . The department welcomes **John Howard** and **Roy Young** back to work after a recent illness . . . Wishes for a speedy recovery go to **Myrtle Leach**, who is on the mend after a recent operation . . . **L. C. Dunsmore** came back to work last week with glowing reports of his vacation . . . **Carl Bennett** spent last week working on his new house in South Clinton . . . **Linnie Jeffreys** visited her parents in Flat Creek, Ala., last week . . . Congratulations go to **S. Campanella**, who is the proud pappy of a seven and one-half pound baby boy born August 3, at St. Mary's Hospital in Knoxville. They named the little fellow Charles Michael.

Well, have you folks had enough for this time? Hope so, 'cause this is "Thirty" for this week.

A woman got on a bus and sat next to a harmless drunk. She opened a map of Manchuria and starting studying it.

The drunk gazed at the map awhile and finally asked: "Lady, are you sure you're on the right bus?"

## Map Clearly Shows 'Open Roads' In Area

Continued from Page 1

stopped a number of vehicles unauthorized for passage over this highway and cautioned the occupants not to use it for general traffic. However, the great majority were out-of-state automobiles whose drivers did not closely observe the signs clearly posted barring the road to general travel. **Should Mark Disabled Vehicles**

Y-12 drivers again are reminded that if their cars or trucks being used for official travel on any of the roads in the Controlled Area not authorized for general traffic become disabled for any reason and must be left alongside such roads that a note to AEC Patrolmen should be left under the windshield wiper or on some other prominent place telling why the vehicle had to be abandoned. The note should bear the name and plant telephone of the driver. This greatly simplifies the enforcement of security regulations in the Controlled Area.

The traffic flow from Y-12 toward Oak Ridge in the late afternoon rush hour has been smoothly handled since the new road policy has been placed in effect and the Midway Gate patrolmen removed. Y-12 motorists soon became used to driving through only the two right hand outbound lanes and proceeding to the Illinois Ave. and Lafayette Drive intersection before diverging to the eastern and western sections of the city.

## Close Finish Is Seen In Plant Loop Race

Continued from Page 3

Whitehorn slammed a triple each for the Peons. Braatz, Colt outfielder, slammed two triples for the losers.

ADP slipped by the Colts 10 to 4 in the last game of the week as Spradling and Saunders combined their talents to pitch three hit ball for the winners. Gordon and Byrd collected two hits each for ADP.

Team	R	H	E
Engineers	300	020 0—5	7 1
ADP	000	000 0—0	1 1

Kidd and Stanfel. Ellis and Rains.

49ers	5114	32x—25	16 5
P.P'tion	30	2 00x—5	3 4

Sise and Dodson. Doane and Krouse.

Peons	173	06x—17	9 2
Colts	300	22x—6	8 5

Law and Gallimore. Gardner and Haggard.

Peons	000	110 0—2	3 0
Engineers	200	002 x—4	7 3

Law and Gallimore. Kidd and Stanfel.

Maintenance	000	000 0—0	2 2
UCJV	001	104 x—6	9 2

Jones and Everett. Hopper and Hopkins.

Maintenance	000	301 0—4	5 2
49ers	500	021 x—8	9 1

Jones and Everett. Sise and Dodson.

ADP	400	022 2—10	9 1
Colts	130	000 0—4	3 1

Saunders and Frazier. Burnett and Haggard.

League standing as of Friday, August 7, follows:

Team	W	L
UCJV	7	0
Engineers	8	2
49ers	7	2
P. P'tion	4	5
Peons	4	6
ADP	4	6
Maintenance	3	7
Colts	1	10

## Interested Y-12ers Invited To Physics Seminar Meeting

All Y-12 technical and scientific personnel interested in the subject of "p-n Thresholds and Yield Curves" are invited to attend the weekly meeting of the Oak Ridge Physics Seminar at 3:15 o'clock Friday afternoon, August 14. The meeting will be held in the auditorium of the Oak Ridge National Laboratory new research building and C. H. Johnson, of the ORNL Physics Division, will lead the discussion.
